I. APPROVAL OF MINUTES

MOVED BY MR. WEISENBURGER AND SECONDED BY MR. WEBB TO APPROVE THE MINUTES OF THE DECEMBER 8, 2010 MEETING AS PRESENTED. APPROVED (4-0).

II. REPORT OF THE CHAIRMAN

IV. EXECUTIVE SUMMARY

A. Review staff reports:

   Mr. Metcalfe reported that Wausau Supply Company, who is one of our more recent additions to the Business Park, is interested in putting in a rail spur. That would become the 8th rail customer in the Business Park.

   Mr. Perry stated that he would present a proposed budget for the board to review at the March meeting. Based upon the board’s review, he will request that Mr. Metcalfe be given authority to approve the final budget.

B. Summary of Financials:

   Mr. Perry commented that revenue over expenditures is up for end-of-year, 2010, and land purchased in 2001 at Executive Airport is included in the reimbursement numbers. The other part of reimbursement is program money from AIP grant/match funds.

C. Consider ratifying the December 2010 expenditures as presented:

MOVED BY MR. DIXON AND SECONDED BY MR. WEISENBURGER TO RATIFY THE DECEMBER 2010 EXPENDITURES AS PRESENTED. APPROVED (4-0).
V. DISCUSSION ITEMS

A. Consider approving an amendment to Advanced Aviation’s Fixed-Base Operator agreement to add “Avionics sales and servicing.”

MOVED BY MR. DIXON AND SECONDED BY MR. WEBB TO APPROVE THE AMENDMENT TO ADVANCED AVIATION’S FIXED-BASE OPERATOR AGREEMENT OF ADDING “AVIONICS SALES AND SERVICING” AS PRESENTED. APPROVED (4-0).

B. Consider approving an Option to Lease Land for Penny’s Concrete, Inc. for a site for a concrete ready-mix plant at New Century AirCenter.

Mr. Metcalfe briefed the board on Penny’s Concrete, Inc.’s interest in building a plant here a few years ago. The Option to Lease Land property location they are interested in is next to Steel & Pipe Supply Company, Inc., Roberts & Dybdahl, Inc., and Metal West.

Mr. Dixon asked if there is potential for aggregate dust or the like to become airborne and affect air traffic. Mr. Penny replied that it would not be a problem as they use washed rock and would build a containment to hold them on the inside of the facility. Mr. Dolin asked if smoke emissions would come from the facility. Mr. Penny responded that they use dust collectors on all their cement bins and are governed by state and federal government guidelines on plant emissions. In addition, water runoff is tested quarterly as well as the entire area to be completely paved.

MOVED BY MR. DIXON AND SECONDED BY MR. WEBB TO APPROVE AN OPTION TO LEASE LAND FOR PENNY’S CONCRETE, INC. FOR A SITE FOR A CONCRETE READY-MIX PLANT AT NEW CENTURY AIRCENTER AS PRESENTED. APPROVED (4-0).

C. Consider approving an Assignment of Lease from Aeroflex, Inc. (formerly JcAir) to ACDC Holdings, LLC, for the “Aeroflex Complex” at 400 New Century Parkway.

Mr. Metcalfe updated the board on the history of Aeroflex. Mr. Webb disclosed that he has previously done appraisal work for Dave Collis of ACDC Holdings, LLC.

MOVED BY MR. WEISENBURGER AND SECONDED BY MR. DIXON TO APPROVE AN ASSIGNMENT OF LEASE FROM AEROFLEX, INC. (FORMERLY JC AIR) TO ACDC HOLDINGS, LLC, FOR THE “AEROFLEX COMPLEX” AT 400 NEW CENTURY PARKWAY, SUBJECT TO LEGAL AND STAFF’S FINAL APPROVAL OF ALL DOCUMENTATION AS PRESENTED. APPROVED (4-0).

D. Consider approving T-Hangar Registration Policy.

Mr. Metcalfe updated the board on recent T-Hangar issues, specifically, black market subleasing. The county auditor recently did a routine audit of rates, charges and fees, to determine if the county was recovering costs from fees. It was recommended, by the auditor, to adopt a T-Hangar Registration Policy based upon FAA registration requirements. Mr. Perry stated that the FAA has never required an end-date for registrations in the past, but has started a re-registration process beginning on March 1, 2011. The aircraft owner will be required to pay a fee and register/re-register every three years with the FAA. The T-Hangar policy states for tenants to provide copies of current registrations, and if not, they are required to provide the name of the person who leased the T-Hangar and legal proof of interest in the aircraft. If that cannot be done, the lease will be terminated. Mr. Dixon asked what defines
an interest in the aircraft. Ms. Dunham responded that an interest in the aircraft is defined as a fractional interest, ownership in a LLC or general partnership. After a lengthy discussion, it was determined that staff and legal would draft a response, to the auditor, and present for board approval at the next Airport Commission meeting in February.

E. Consider approving the 2011 Contract for the Southwest Johnson County EDC.

MOVED BY MR. DIXON AND SECONDED BY MR. WEISENBURGER TO APPROVE THE 2011 CONTRACT FOR THE SOUTHWEST JOHNSON COUNTY EDC AS PRESENTED. APPROVED (4-0).

F. Report of the President, Southwest Johnson County EDC.

Mr. Metcalfe updated the board on current projects, and proposals for the Southwest Johnson County EDC in Tom Riederer’s absence.

I. APPROVAL OF MINUTES

MOVED BY MR. DIXON AND SECONDED BY MR. WITTENBORN TO APPROVE THE MINUTES OF THE JANUARY 26, 2011 MEETING AS PRESENTED. APPROVED (4-0).

II. REPORT OF THE CHAIRMAN

IV. EXECUTIVE SUMMARY

A. Review staff reports:

Mr. Dixon asked when Penny’s Concrete will begin construction. Mr. Metcalfe replied that Rose Companies has been hired and will soon begin the design process. They are probably looking at 90 days before construction will begin.

B. Summary of Financials:

Mr. Perry commented that $500,000 of carryover would be used for the detention pond. Mr. Metcalfe added that the FAA has approved the sale of the soccer facility, $780,000. The Airport Commission’s cash flow consists of $3,300,000, in carryover, 2010, plus an expected $900,000 in carryover for 2011 and payment from the soccer facility, minus $500,000, that will utilized for the detention pond.

C. Consider ratifying the January 2011 expenditures as presented:

MOVED BY MR. WITTENBORN AND SECONDED BY MR. WEISENBURGER TO RATIFY THE JANUARY 2011 EXPENDITURES AS PRESENTED. APPROVED (4-0).
V. DISCUSSION ITEMS

A. Discuss sale of water utility.

Mr. Metcalfe briefed the board on the history of the water utility. Currently, Rural Water District #7 (RWD#7) had been in discussions over the past two years and at the point of closing the sale of the water utility. Prior to being approached by RW#7, there were discussions with the City’s of Gardner and Olathe regarding their interest in purchasing the water utility system. The City of Gardner did a financial analysis and determined, at that time, it was not in their best interest. And, discussions with the City of Olathe fell through. Recently, the City of Olathe made interest in the water utility sale discussions with RWD#7 and stated they are interested in making a proposal for the water utility. Mr. Metcalfe and acting Chairman Mike Moore met with Chairman Eilert, Commissioner Osterhaus and County Manager, Hannes Zacharias and the water utility came up in the discussions. It was recommended that formal RFP’s should go out for the sale of the water utility. Mr. Metcalfe notified RWD#7 of the recommendation by the commissioners and he also spoke with the City’s of Gardner and Olathe. The RFP will list all assets and conditions, including the limit of rate increases and how they would run the system. It would not be necessary to take the lowest bid as it would for the best package. Because our customers do not have a vote in the sale of the water utility system, the Airport Commission needs to advocate for their best interest, which would include limiting rate increases. Mr. Metcalfe stated the two biggest issues of being in the water business is quality of water and system breakdowns. The Airport Commission currently has an employee in the water department who is consistently taking samples, a protocol that is state mandated, in certain places within the water system testing for chlorine levels and contaminants. If there is a problem with the samples, there is a significant process that needs to be followed. RWD#7 is the most knowledgeable of our water system and they have offered their services as our official operator on record with the State of Kansas. Mr. Metcalfe stated there are three options for the sale of the water utility system. The first option would be keeping the utility, making necessary improvements to the system and hire a certified operator. The next option would be to sell the system to RWD#7 and present a case for approval to the BoCC. The last option would be to put out RFP’s for the sale of the water utility system. In addition, RWD#7 service area surrounds us and any expansions would include accessing their water utility service. Mr. Dixon requested a performa, based upon keeping or bidding the water utility system that would include financial projections and contracting for services, concurrently with sending out RFP’s.

B. Consider approving the 2011 Marketing Agreement for the Southwest Johnson County EDC.

MOVED BY MR. DIXON AND SECONDED BY MR. WITтенBORN TO APPROVE THE 2011 MARKETING AGREEMENT FOR THE SOUTHWEST JOHNSON COUNTY EDC AS PRESENTED. APPROVED (4-0).

C. Report of the President, Southwest Johnson County EDC.

Mr. Riederer updated the board on current projects, and proposals for the Southwest Johnson County EDC in Tom Riederer’s absence.

VI. BUSINESS FROM THE FLOOR

A citizen expressed concerns with New Century Air Services having aircraft parts strung around their operations. Mr. Metcalfe stated that staff would look into the complaint to
determine if there was a violation.

VII. ADJOURNMENT

There, being no further business, the meeting was adjourned at 10:42 a.m.

MOVED BY MR. DIXON AND SECONDED BY MR. WEISENBURGER TO ADJOURN.

Chairman Eilert then asked Chief Legal Counsel, Don Jarrett, to give a legal overview of the Airport Commission.

A presentation was given by Mr. Metcalfe on the history of the Airport Commission in 1967 under K.S.A. 3-301 et seq., chartered by BoCC Resolution 67-165, and how the first Airport Commission board was formed through today’s current financials and operations.

V. DISCUSSION ITEMS

A. Consider approving ADS-B Tower Lease.

Mr. Perry briefed the board on the FAA contract with ITT to install ADS-B (Automatic Dependence Surveillance Broadcast) that will help more accurately define where aircraft are in the air. The advantage to having this installed on airport property will be to enhance ground movement ability, especially in bad weather, as long as everyone has the same equipment. FAA will not require this equipment to be mandatory until 2020 or 2022. The airlines will be the first to be required, then corporate, followed by general aviation.

MOVED BY MR. DIXON AND SECONDED BY MR. WITTENBORN TO APPROVE THE ADS-B TOWER LEASE AS PRESENTED. APPROVED (5-0).

B. Consider approving an Amendment to the Lease Agreement for Executive Beechcraft, Inc.

MOVED BY MR. DIXON AND SECONDED BY MR. RAYNOR TO APPROVE AN AMENDMENT TO THE LEASE AGREEMENT FOR EXECUTIVE BEECHCRAFT, INC. AS PRESENTED APPROVED (5-0).

C. Discuss Water Utility Financial Projection.

Mr. Metcalfe updated the board on a meeting he and Vice Chairman Moore had recently with BoCC Chairman Eilert and Commissioner Osterhaus. During that meeting, the Airport Commission’s probable sale of the water utility system was discussed. It was recommended for the Airport Commission to move forward with RFPs for competitive bids. Mr. Metcalfe stated
the options, going forward, would be to keep the water system, send out for competitive process RFP bids with the right to review and reject, or sell to Rural Water District #7. After a lengthy discussion, the board directed Mr. Metcalfe to move forward with a competitive process RFP with the right to review, reject and final board review.

MOVED BY MR. DIXON AND SECONDED BY MR. WITTENBORN TO DIRECT MR. METCALFE AND LEGAL TO PROCEED WITH A COMPETITIVE PROCESS RFP, OR, AS THE COUNTY DICTATES WITH THE RIGHT FOR THE AIRPORT COMMISSION BOARD TO REVIEW AND/OR REJECT PROPOSALS. APPROVED (3-2). OPPOSED BY MESSRS. RAYNOR AND WEBB.

A. Review staff reports:

Mr. Dixon asked if it is becoming more difficult to place people into t-hangars. Mr. Perry replied that typically they go through five or six phone calls until they are able to find someone on the waiting list who will take an available hangar. Mr. Metcalfe stated that the waiting list is shrinking rapidly. People have quit flying and are getting rid of their airplanes.

MOVED BY MR. WITTENBORN AND SECONDED BY MR. WEISENBURGER TO RATIFY THE MARCH AND APRIL 2011 EXPENDITURES AS PRESENTED. APPROVED (7-0).

V. DISCUSSION ITEMS

A. Consider approving an Amendment to the Berg Lease to correct the legal description and consider approving an Access Agreement.

Mr. Metcalfe briefed the board on a clerical error of a transposed number, by the surveyor, in the legal description of the neighboring property.

MOVED BY MR. DIXON AND SECONDED BY MR. WEBB TO APPROVE AN AMENDMENT TO THE BERG LEASE TO CORRECT THE LEGAL DESCRIPTION AS PRESENTED. APPROVED (7-0).

Mr. Metcalfe stated the Aeroflex and Berg properties have a shared parking lot. The Access Agreement will allow an easement for the owners to get to their property.

MOVED BY MR. WEISENBURGER AND SECONDED BY MS. ARON TO APPROVE AN ACCESS AGREEMENT FOR THE BERG’S AS PRESENTED. APPROVED (7-0).

B. Discuss donation of JcAir property.

Mr. Metcalfe gave background information on the property and owners of JcAir. The owners of JcAir have offered to donate the two of the three buildings to Johnson County in lieu of no longer having to pay property tax, lease payments and they are requesting a tax credit. The third building is property already owned by the County as it was part of a bond lease agreement. Ms. Aron asked how long is the land lease agreement and at the end of the lease who would own the property. Mr. Weisenburger asked if there is a benefit to the County owning the property. Mr. Metcalfe responded that the County would own the property at the end of the lease agreement and there would be a continued liability for maintenance and upkeep of the buildings. After a lengthy discussion, the board directed legal, staff and Airport board member Mr. Webb to work together on researching pros and cons for a buyout of JcAir’s lease agreement and properties and will present at the next meeting.

C. Consider granting to the Johnson County Park & Recreation District an easement for a streamway trail along Coffey Creek near Executive Airport.

MOVED BY MR. WEISENBURGER AND SECONDED BY MR. DIXON TO MAKE RECOMMENDATION TO THE BOCC GRANTING JOHNSON COUNTY PARK & RECREATION DISTRICT AN EASEMENT FOR A STREAMWAY TRAIL ALONG COFFEY CREEK NEAR EXECUTIVE AIRPORT AS PRESENTED APPROVED (7-0).

Mr. Webb commented that this property has the worst soil erosion in Johnson County. He
continued that there are several conservation groups and programs that could be explored to enroll and assist in correcting the erosion problems. Mr. Metcalfe responded that ultimately it is the tenant farmers responsibility to take care of those properties. Mr. Wittenborn asked how it would affect the tenant and their operations if a conservation program were pursued. Mr. Webb stated that it would terminate the lease agreement by enrolling in a conservation program.

D. Report of the President, Southwest Johnson County EDC

Mr. Riederer updated the board on current projects and proposals for the Southwest Johnson County EDC.

VI. BUSINESS FROM THE FLOOR

Mr. Webb brought up for discussion the Sunflower property and if there was any interest in purchasing for future commercial airport operations. Mr. Metcalfe replied that he didn’t believe there would be a possibility of having two airport operations so close in proximity and that several years earlier a consultant reported that the probability of commercial operations would not occur at New Century AirCenter with Kansas City International being so close.

VII. EXECUTIVE SESSION – ADVICE OF COUNSEL
