Raise Your AirQ

Look for the SkyCast:

Ozone Alert day

GOOD
- Healthy air quality

MODERATE
- Elevated pollution levels

ORANGE ALERT
- Unhealthy for sensitive groups
  (people who are active outdoors, children, people with respiratory problems)

RED ALERT
- Unhealthy for all

Ozone Alert day — take action to protect your health!

On Ozone Alert days:

- Drive less: carpool, take the bus or bicycle.
- Avoid refueling. If you have to get gas, do it in the evening.
- Don’t top off your gas tank — stop at the click.
- Postpone lawn-mowing or mow in the evening.
- Avoid grilling or use a charcoal chimney to light coals.
- Don’t idle your car for more than 30 seconds.

Clear Air. Clear Thinking.
