### New system to capture CHAP accomplishments

| Presented by Lynne Brown of IBossWell, Inc. |
| Offers a system to capture CHIP accomplishments of community partners |
| Information in system is current |
| System will be ready for tracking and updating in 30 days |
| ppt attached |

### Review of Community Health Improvement Plan Activities/Accomplishments

**Physical Activity**
- Walk to School Day wrapped up. Partnered with Mid America Regional Council and 10-15 schools participated.
- Complete Streets partnered with MARC
- Leawood updated master bike route plan
- All Johnson County communities participating
- Looking at new projects through evaluations

**Nutrition**
- Concessions- healthy options added at JCPRD locations with good success
- Shared pictures from photo shoot for advertising and promotion of healthy menu
- Faith based groups-Giving Grove working with neighborhoods to plant fruit trees
- 20 fruit trees planted at Adult Residential Center
- 13 planted at Olathe’s WIC Community Garden
- Will be working with child care facilities in the next two years on healthy foods and physical activity policies

**Access to Care**
- My Resource Connection- going to the community and training different community groups on how to use this system
- Oral Health for schools initiative- recruiting dentists and hygienists. Specific program training required.
- Dental volunteers should contact Veronica Sutton at veronica.sutton@jocogov.org

**Mental Health/Substance Abuse**
- Working on internal structure- who is committed to the group?
- Contact Kimberly Herndon to participate. The group meets the first Tuesday of the month from 8:30-10:00 at Marillac.
- Completed an annual report of successes and goals
- Training facilitators for Families and Schools Together programs
| Practice - Cafeteria Conversations, opening up conversations between parents and teens |
| Policy – coaches code of conduct to include drug and alcohol awareness and prevention steps |
| Prevention - Mental Health First Aid classes still being offered - contact Kimberly Herndon for information |

**Next Community Health Assessment**

- Ongoing conversations with hospitals working on needs assessment and how we can all work together
- Identifying one activity that the entire community can work on with this group in order to try to get a sort of branding that can be identified in the community

**Updates/Sharing**

- Ebola: DHE working with Emergency Management, hospitals, schools and Communications
- Shelby Rebeck - completed grant that allowed training of all nurses, staff and principals on Mental Health First Aid
- Working on approval of new protocol for any point of access of what the Shawnee Mission school district should do if they hear of or see certain needs for help
- Workshop: Diabetes: Are You at Risk? - call Healing Arts Center of Lenexa 913-894-4428

**2015 Meeting Dates**

- January 27
- April 28
- July 28
- October 27
