

# 2018-2019 Weekly Influenza Surveillance Report

## Johnson County Department of Health and Environment

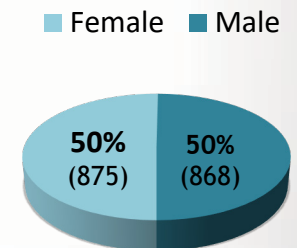

As of February 15, 2019\*

### Influenza Typing of Reported Cases

### Sex Distribution of Reported Cases

\*Cases represent those voluntarily reported to JCDHE, as influenza is not reportable in Kansas. These numbers are not representative of the total number of individuals with influenza. All data is provisional and subject to change due to delays in reporting.
