Body Composition</li> </ol> </li> </ul>	<ul style="list-style-type: none"> <li>• Keep in mind these indicators while deciding which topics you would like to see in the plan.</li> <li>• This and other presentations related to CHAP can be found on the Johnson County website at <a href="http://health.jocogov.org">health.jocogov.org</a>, click on the Community Health Assessment tab.</li> </ul>

<p><b>Nicole Brown</b> Data/Information Discussion</p>	<ul style="list-style-type: none"> <li>• Discussed the information that the CDC released in Healthy People 2020 as winnable domestic battles for public health over the next five years             <ol style="list-style-type: none"> <li>1. Tobacco Reduction</li> <li>2. Obesity</li> <li>3. Nutrition/Food Safety</li> <li>4. Motor Vehicle Injuries</li> <li>5. HIV</li> <li>6. Teen and Unintended Pregnancies</li> <li>7. Health Care Associated Infections</li> </ol> </li> <li>• Explained the data that was put together for viewing. This data is a combination of the CDC topics as well as issues that Johnson County has determined to be concerns for our area.</li> <li>• There were also blank sheets on which members could write in anything that they thought was important and would like to see or anything they thought was missing from the categories</li> </ul>	<ul style="list-style-type: none"> <li>• The goal for today was to narrow the focus of health issues to 2-5 topics that were of interest in terms of future priorities for the Community Health Improvement Plan.</li> <li>• Everyone was given six dot stickers with which to mark issues that they did not want to see included in the plan. Issues that are already in focus or being handled by other groups.</li> <li>• More data will be gathered for the areas of interest chosen.</li> </ul>
<p>Overview of results from given topics</p>	<ul style="list-style-type: none"> <li>• Order of results from the most interest to the least. The numbers of dots placed are in parenthesis.             <ol style="list-style-type: none"> <li>1. Physical Activity (1)</li> <li>2. Nutrition/Obesity (3)</li> <li>3.
