<p>Discussion</p>	<ul style="list-style-type: none"> • Do the priorities still seem like what we would like to do? Yes, they all fit the Surgeon General’s recommendations and are very relevant. • There is a new program, “Mental Health First Aid”. It is a 12 hour program for early intervention offered to county employees for \$25, and the public for \$50. • Access to Care is being worked on by several different groups. Is it possible to get updates from current groups instead of making it a focus for our group? Agreed. • What comes next? Work groups will be formed to determine our next steps. (what needs to be done and how we will begin) • Suggestion- Get any sub-groups that we would be inviting later, to be involved right from the start. (Ex) Church groups, representatives from the African American population, Hispanic population... 	<ul style="list-style-type: none"> • A consultant will meet with the group in October to help with the process and how it will work. 	
<p>Work Groups</p>	<ul style="list-style-type: none"> • Everyone was asked to sign up for a work group according to interest. The results are as follows.
