**JCDHE updates dashboard to include vaccination information**

**(JOHNSON COUNTY, Kansas –May 5)** Johnson County Department of Health and Environment (JCDHE) has updated the COVID-19 dashboard to include information about the county’s vaccination progress. It includes data on how many eligible people have received a shot, vaccination progress by date, age and zip code, as well as demographic information. Visit the Vaccination Progress tab of the [COVID-19 dashboard](#).

“We are excited to offer additional data to our community to stay up-to-date on the progress of vaccinations” said JCDHE Director Dr. Sanmi Areola. “The COVID-19 vaccine is safe, effective and convenient, we continue to encourage all eligible people to get vaccinated. It only takes 20-30 minutes and it could save your life.”

Appointments are available at [jocogov.org/covidvaccine](http://jocogov.org/covidvaccine) in English and Spanish. Walk-in appointments are also available at [jocogov.org/covid-19-vaccine](http://jocogov.org/covid-19-vaccine) for the dates and times when you can just walk in and receive a vaccine.

For more information, including additional data about COVID-19 in Johnson County, visit [jocogov.org/coronavirus](http://jocogov.org/coronavirus).
