

Job Description

Johnson County Government

Department of Human Resources

Job Title: Oracle Developer Analyst I **Job Code:** 901080 **Job Family:** Information Technology
Pay Grade: JC.15.17 **FLSA:** Non-Exempt **EEO:** Technician
Department/Agency: Countywide **Position Number(s):** Multiple
Recommended Position Title(s): Programmer, Developer

The following Core Competencies apply to everyone and are essential to all County jobs:

- Accountability – Follows-up on and meets commitments, takes ownership for work, and possesses a strong ability to stay focused on individual, department, and County results.
- Communication – Clearly and effectively expresses ideas and thoughts (verbally and in writing); listens actively.
- Customer Focus & Public Relations – Builds positive internal and external customer relationships; is committed to customer satisfaction; assumes responsibility for solving customer problems and ensures commitments to customers are met.
- Initiative – Independently acts to resolve problems and provide solutions; seeks out new responsibilities; generates new ideas; practices self-development.
- Safety – Understands and supports safety standards as required by the job; keeps the workplace clean and safe.
- Teamwork – Encourages and facilitates cooperation, pride, and trust among the team; fosters commitment and team spirit; works cooperatively with others to achieve overall goals.

The following Leadership Competencies apply to supervisors, managers, and executives based on designated responsibilities:

- People Management – Clearly defines subordinate roles and responsibilities; motivates employees to perform and delegates work effectively; applies consistent performance standards and handles performance problems decisively and objectively; leads by example.
- Operations Management – Directs and guides operations in alignment with the County's and department's overall goals and objectives; ensures the execution of efficient processes to maximize the County's and department's resources; utilizes operational knowledge to make sound decisions.
- Strategic Leadership – Determines the strategic direction of the team or department in alignment with overall county goals; effectively communicates strategies internally and externally; creates a culture to support strategies and provides mechanisms to implement them; fosters buy-in and enthusiasm with employees.

Essential Duties:

- Completes programming assignments, which may include process automation, enhancements, configurations or builds with oversight by a more experienced developer analyst.
- Responds to end-user questions, inquiries, and ad-hoc requests including reports; works directly with end-users in evaluating solutions, fulfilling requests, and resolving issues.
- Creates and maintains end-user and production support system documentation including procedures, processes, metadata.
- Collects, edits, and maintains data; ensures data is accurate, current, and complete through quality assurance procedures.
- Collaborates with a more experienced developer analyst to provide improved system and subsystem functionality and reliability; assists in developing specifications; develops, maintains, tests, and installs software; applies knowledge of hardware and software components.
