What is Peerfit?

Peerfit is a digital platform that makes it easy for companies, their employees, and local studios to share amazing fitness experiences.

Discover new classes, find what works for your schedule, and invite your friends, all within your dashboard.
Peerfit allows you to take classes and access memberships using its digital currency, ‘Peerfit Credits’. Each month, credits provided by Johnson County are added to your Peerfit account. You choose where you spend your credits at studios and gyms in the Peerfit Network.

Use your credits to check out a new class with your peers, continue going to your favorite places, or utilize a monthly membership to an area fitness facility. The choice is yours.
How To Use Peerfit Credits

Peerfit credits are available each month through your Peerfit account via your online dashboard.

**Monthly Peerfit credits are funded through the County’s Wellness Fund at no cost to you.**

If you choose to obtain a monthly membership to a fitness facility, it will be taxable pursuant to IRS regulations. This is automatically handled through TFM-Payroll.

Purchasing Gym Memberships

A gym membership is a monthly credit subscription that gives you access to a gym’s facilities and classes throughout the month.

Peerfitters pay a set number of credits each month on the 1st of the month. Cost is pro-rated when it is first purchased. The pro-rated credit amount is calculated based on the time remaining in the month.

The benefits to purchasing a membership provide you with unlimited access to the gym all month versus a one time day pass, which only provides access for that day.
1. Navigate to desired gym from **View Studios** page

2. **Membership Option** will appear if available

On the 1st of the month, you will not be charged and your membership will be removed.

Membership Canceled Automatically

Frequently Asked Questions

When do my credits renew?
Verified employees have access to a certain amount of subsidized Peerfit credits each month. Peerfit uses the term ‘allowance’ to refer to this credit amount.

At the beginning of each month the credit allowance will reset.

Please note that credit allowances do NOT rollover to the next month.

What happens if I run out of credits?
You can purchase additional credits a la carte before your next renewal by visiting the ‘Credits’ tab on your Peerfit dashboard.

Choose the number of credits you need and click ‘Buy Now’. These will be paid for with your own personal funds.

Are credits transferable?
Once deposited into an account, credits belong to the individual Peerfitter. For that reason, credits cannot be transferred.

Can I reserve a class for someone else using my credits?
Reservations cannot be made for others from your account.
Do I lose my credits if I cancel a class?
Peerfit follows the cancellation policy for each individual studio. If you know you will not be able to make your class 12+ hours before the class time, we will be happy to cancel your class and refund your credits.

How do I reactivate my account?
If your account is inactive, simply reserve a class to reactivate.

Can I use Peerfit while traveling in other cities?
