EASEMENT DETAIL

Plat Search Utility

Plat Search Utility is a web-based application that allows users to query Johnson County plat information and download digital scanned plat images for local viewing.

The scanned plat is a digital image of the engineering drawing that depicts the detail plans for the plat; including monumentation, street layout, lot layout, lot dimensions, easements and setbacks (see image to right).

The Plat Search Utility can be viewed at: <https://ims.jocogov.org/plats>
