REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners
Johnson County, Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Johnson County, Kansas, as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Johnson County, Kansas' basic financial statements, and have issued our report thereon dated June 10, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Johnson County, Kansas' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Johnson County, Kansas' internal control. Accordingly, we do not express an opinion on the effectiveness of the Johnson County, Kansas' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Johnson County, Kansas' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Audit Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT
ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF
EXPENDITURES OF FEDERAL AWARDS REQUIRED BY *OMB CIRCULAR A-133*

INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners
Johnson County, Kansas

Report on Compliance for Each Major Federal Program

We have audited Johnson County, Kansas' compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Johnson County, Kansas' major federal programs for the year ended December 31, 2012. The Johnson County, Kansas' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Johnson County, Kansas' basic financial statements include the operations of the Johnson County Parks and Recreation District, a component unit of Johnson County, which received \$52,106 in federal awards which are not included in the schedule during the year ended December 31, 2012. Our audit described below, did not include the operations of the Johnson County Parks and Recreation District because the District elected to perform a separate audit and the amount of federal awards was below the \$500,000 threshold in accordance with OMB Circular A-133.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Johnson County, Kansas' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Johnson County, Kansas' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Johnson County, Kansas' compliance.

Opinion on Each Major Federal Program

In our opinion, Johnson County, Kansas complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2012.

Report on Internal Control Over Compliance

Management of the Johnson County, Kansas is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Johnson County, Kansas' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Johnson County, Kansas' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2012-01, that we consider to be a significant deficiency.

Johnson County, Kansas' response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Johnson County, Kansas' response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Johnson County, Kansas as of and for the year ended December 31, 2012 and the related notes to the financial statements, which collectively comprise Johnson County, Kansas' basic financial statements. We issued our report thereon dated June 10, 2013, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Allen, Gibbs & Houlik, L.C.

None were reported.

JOHNSON COUNTY, KANSAS

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended December 31, 2012
(Continued)

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Finding 2012-01 Significant Deficiency

CFDA # 93.217: U.S. Department of Health and Human Services, Passed Through Kansas Department of Health and Environment, Family Planning Services Grant, All Open Grants

Condition: The entity lacked internal controls to ensure information on patient income entered into the billing software was current and accurate which resulted in the software calculating incorrect billings and patients being overcharged or undercharged for services provided under the grant.

Criteria: Regulations under 42 CFR 59.5(a) require that each project supported under a Family Planning Services grant must provide that no charges will be made for services provided to any persons from a low-income family except to the extent that payment will be made by a third party and charges will be made for services to persons other than those from low-income families in accordance with a schedule of discounts based upon the ability pay, except those charges to persons from families whose annual income exceeds 250 percent of the most recent Poverty Guidelines.

Questioned Costs: None were noted.

Context: Three of the sixty patient billings tested had errors. Two of the billings contained an overcharge of \$6 each and one contained an undercharge of \$60.

Cause: There is no review of income information entered into the billing software to ensure information in the software is current and accurate, allowing for accurate billings to patients.

Effect: Clients could be undercharged or overcharged if information in the billing software is not current.

Recommendation: We recommend that a review or audit of patient income information be performed to ensure that current and accurate income information is used in calculating patient billings.

Management's Response (unaudited): JCDHE was found non-compliant with reporting the correct amount of revenue for the Family Planning Grant, passed through by the Kansas Department of Health and Environment. One of the requirements in the Grant is to offer a sliding scale discount for Family Planning Services based upon family size and income. In a sample of records, 5% indicated that information that the client filled out was incorrectly input into the database, resulting in the incorrect amount being charged to the client.

Once notified of this finding, the following actions are being implemented to insure that clients are charged the correct amount for services received. The first action is to force the re-keying of all data for each client profile. Prior to this finding, if changes occurred the last client profile information was pulled forward and the customer service staff person had the option of only changing data that was observed on the newly filled out Client form. This will make that option no longer available and each visit will have to be treated as if the client was new.

JOHNSON COUNTY, KANSAS

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended December 31, 2012

(Continued)

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (Continued)

In addition to the item above, the Customer Service Supervisor will conduct daily audits of all clients, cross checking them with the data that is found in the medical billing software. Initially 100% of the client profiles will be checked for a period of about 3 months. Reports will be made once a week to the Administrative Division Director. The information gathered will be used to see if trends are established with identifiable staff so that additional training can be used to improve the accuracy of the data input into the system. A decision about the number of records to be audited will be made after the initial 3-month period to determine how many records will need to be audited daily to insure an increase in information found in the system.

The accompanying notes are an
integral part of this schedule.

JOHNSON COUNTY, KANSAS

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Year Ended December 31, 2012

Note 1. Organization

Johnson County, Kansas (the County) is the recipient of several federal grants. Various County departments administer these grant programs. Grants are accounted for in the General Fund, Special Revenue Funds, and Enterprise Funds of the County department benefiting from the grant.

Note 2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the County and is presented on the modified accrual basis of accounting. The information presented in this schedule is in accordance with the requirements of OMB *Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 3. Local Government Contributions

Local cost sharing, as defined by the OMB *Circular A-102, Attachment F*, is required by certain federal grants. The amount of cost sharing varies with each program. Only the federal share of expenditures is presented in the Schedule of Expenditures of Federal Awards.

Note 4. Weatherization Assistance

Weatherization Assistance for Low Income Persons passed through the Kansas Department of Commerce and Housing is shown in the following schedules, prepared on the cash basis, at December 31, 2012:

Note 5. Additional Audits

Grantor agencies reserve the right to conduct additional audits of the County's grant programs for economy, efficiency, and program results, which may result in disallowed costs to the County. However, management does not believe such audits would result in any disallowed costs that would be material to the County's financial position at December 31, 2012.
