

PREVENTIVE CARE BENEFITS

WOMEN'S WELLNESS MATTERS

The following preventive care visits and immunizations are 100 percent covered by your health insurance if rendered by an in-network provider. **Services must be billed with a primary diagnosis of "Preventive Care" to be covered at 100 percent according to the County's plans.** Note: The BlueSaver QHDHP preventive list has been expanded due to recent IRS guidelines. The list now includes certain medications targeted to manage chronic conditions. Please see the Elixir preventive drugs list for more details.
