A gym membership is a monthly credit subscription that gives you access to a gym’s facilities and classes throughout the month.

Peerfitters pay a set number of credits each month on the 1st of the month. Cost is pro-rated based on when the membership is purchased.

The benefits to purchasing a membership provide you with unlimited access to the gym all month versus a one time day pass, which only provides access for that day.

Step-by-Step >
If you do not have enough credits, the amount owed will appear in the pop-up. Select **Purchase Membership** again and you will be taken to a screen to input your credit card. Your card will be kept on file for future recurring payments.

You will receive an **email receipt** confirming your membership. Please show this to your gym when asked.

---

**How do I cancel my membership?**

A membership can be canceled at any time. No credits will be refunded if you cancel. Instead, you will continue to have access to the gym until the end of the month.

On the 1st of the month, you will not be charged and your membership will be removed.

**Membership Canceled Automatically**

If, on the 1st of the month, you have not booked gym time in the previous month, the gym membership will be canceled and you will not be charged.

You will receive an email receipt confirming your cancellation.
After purchasing a membership through your Peerfit dashboard, simply check in at the time of your workout to keep your monthly gym membership active.

**Here’s How it Works**

2. If you haven’t purchased a membership yet, search for your gym on the Search Studios screen.
3. Click on the Purchase button to get your membership.

When do my credits renew?
Verified employees have access to a certain amount of subsidized fitness credits each month. Peerfit uses the term ‘allowance’ to refer to this credit amount.
At the beginning of each month the credit allowance will reset.
Please note that credit allowances do NOT rollover to the next month.

What happens if I run out of credits?
You can pay as you go for additional credits when you make your next transaction. You’ll be prompted to input credit card information for the number of fitness credits needed to fulfill the transaction. Once you input your credit card information it will remain on file for future purchases.

Are credits transferable?
No, credits cannot be transferred from one person to another.

Do I lose my credits if I cancel a class?
Peerfit follows the cancellation policy for each individual studio. If you know you will not be able to make your class 12+ hours before the class time, we will be happy to cancel your class and refund your credits.

Can I use Peerfit while traveling in other cities?
Yes! When traveling in a Peerfit Studio Network, you can use your fitness credits at any studio in the Peerfit network.

I am a newly hired employee so how soon can I create a Peerfit account?
Peerfit receives weekly eligibility files from the County but you cannot create an account until after your benefit eligibility date (when medical plan is effective). We recommend you wait about a week so the Peerfit records are updated.
